To whomever it may concern:

During fiscal year 2015-2016, Global Affairs Canada, through the High Commission of Canada in Nigeria, successfully partnered with the American University in Nigeria (AUN) in support of the latter's peace and reconciliation programming in Michika Local Government Area, Adamawa state.

Despite persistent insecurity across the region targeted by this endeavour, the Canada-funded project carried out by the American University in Nigeria, *Protecting Human Rights and Religious Freedom Through Peace and Reconciliation in a Post Conflict Environment*, was successfully completed within the allotted timeframe. The project was implemented as planned and key objectives and outcomes were achieved.

Based on this experience, we are pleased to recommend the American University in Nigeria as an implementing partner in Adamawa state.

Sincerely,

Linda Ehrichs
Chargé
High Commission of Canada
