

**Report on UNHCR Livelihoods Intervention for 250 PoCs in Maiduguri with funding from NHF
Implemented by American University of Nigeria (AUN).
APRIL 2021**

This intervention targets 250 Persons of Concern to be supported on livelihoods activities through training and empowerments.

Targeted camps: Elmiskin, Muna Garage and Farm Centre

Some of the activities that took place in the process of delivering this are as follows:

- 1. Consultation with community leaders:** The AUN Livelihood team paid an advocacy visit to some community leaders in the targeted areas, these community leaders were instrumental in the mobilization of the community members for selection and enrolment into this program.
- 2. Identification and selection of eligible PoCs:** The list of potential PoCs to be benefited from this intervention was provided to AUN by UNHCR, however AUN collaborated with UNHCR protection partners in the camps to identify the most eligible beneficiaries from the list in line with the target of the intervention. A total of 250 PoCs were identified and enrolled as in the below table:

CAMPS	# of PoCs Selected	MALE	FEMALE
Elmiskin	70	30	40
Muna garage	90	30	60
Farm centre	90	30	60
TOTAL	250	90	160

- 3. Placement of PoCs to trade of interest:** Prior to a rapid market assessment conducted in order to identify the most viable and marketable businesses in Maiduguri, PoCs were allowed to make their own choices of businesses based on the outcome of the assessment. Below table gives the summary of the various business type chosen by the PoCs.
